Today's Drugs/3 (1973)

The third and final volume of the 'Today's Drugs' series, like its predecessors, is based on B.M.J. articles revised and brought up to date by their authors. It deals with respiratory agents, drugs acting on the central nervous system, and a miscellaneous group of drugs.

Price £1.25

Today's Drugs/2 (reprinted in 1974)

This edition deals with hormones and oral contraceptives, cardiovascular agents, and drugs acting on the gastrointestinal tract.

Price £1.25

Emotional Problems in Childhood and Adolescence (1973)

During 1972 a series of articles appeared in the B.M.J. on emotional problems in childhood and adolescence. These articles, revised and brought up to date by their authors, have been collected to form a useful handbook on practical advice to the practising doctor on a subject which may give rise to many difficulties.

Price £1.25

New General Practice 2 (1970)

This book is the second in the series and contains 27 articles published in the B.M.J.

Price £1.25
